Public Opposition to 10 Year Plan:

My name is Katherine Suskevich and I do not want any cuts to First Class Mail service. I oppose the closing of Post Office locations as they are so important for business and personal use.

Among other terribly late mail I received under Postmaster DeJoy's leadership that involved destruction of sorting machines, I received my property tax bill for my home in February. It was postmarked Dec 5. I had to pay late fees.

I oppose the 10 year plan. Postmaster DeJoy has manufactured problems at the Post Office. DeJoy should receive a No Confidence vote and be removed from his (and any) position at the USPS.

Respectfully submitted,

Katherine Suskevich
